

TAKI

make Your war Beautiful

BIOGRAPHY

TAKI came to the US from AFRICA by way of the Ivory Coast at the age of 10. His creations are an inspiration from the experiences he witnessed during the Liberian Civil War between 1989 and 1994. His memories of being nurtured and protected by Women and familial friends in his village as told through his eyes are quite unexpected and refreshing. As you might imagine any child who has lived or witnessed atrocities in a Civil War would be forever impacted. TAKI has chosen to narrate his story as a creator of art, fashion and music with the intention of bringing global attention to the value of Women and human life. His creativity portrays his personal war as something Beautiful.

THE COMPANY

World of Taki Gold (WOTG) evolved as a company as TAKI began to play with his emotions and memories. His journey is insightful and introspective as he views everyday encounters as another stepping stone towards honoring his vision and purpose to someday return to his Homeland. WOTG aims to provoke others to honor the inner strength and power of women while simultaneously enabling a positive spirit that is globally contagious.

OUR MISSION

World of Taki Gold represents an artistic way of expressing the transformation of personal wars into something beautiful in three distinct ways - **ART, FASHION and MUSIC.**

The fashion line was created to pay homage to strength and power in Women. His music creates a cadence that represents an interpretation of the war sounds in a different light. TAKI paints on canvas with a multidimensional approach that reflects the intensity of darkness and light. His art honors Women who are devalued across the world.

SEED

Our Vision is to rebuild a community by empowering Women to revive the land that was damaged by war.

20% of proceeds goes to the development of our agro-tech Crop Farm led by Women. The Farm will produce staple Liberian vegetation on 5 acres, (25) lots in Buchanan, Bassa County, Liberia while implementing environmental sustainability through technology.

ART

World of Taki Gold believes in creating art that ignites your personal strength enabling your internal energy to overcome personal wars. Using art as his therapy, TAKI creatively portrays his personal war as something Beautiful through his highly textural and multidimensional art collection.

FASHION

World of Taki Gold couture fashion, known as Girl God, is born out of TAKI's witness to atrocities committed against Women during Liberia's Civil War. The jackets or "crowns" as we call them, are designed to honor regardless of the wars waged against every Woman across the world. The Girl God product line creates one of a kind hand designed jackets using reclaimed military uniforms as its canvas.

At World of Taki Gold we want to create a brand movement that recognizes Women as Gods with equal energy - uplifting them as the Gods they are. These jackets connect our customers to this movement.

MUSIC

The constant sound of artillery and missiles lighting up the sky provided TAKI's lessons for musical rhythm. The Liberian artists' debut self-produced album by the name Girl God released on all platforms July 24, 2020.
